REPUBLICAN PROGNOSTICATORS

**Are Fifty Thousand Votes Apart and
All Figures Given Are Unreliable.
—An Interview.**

Columbus, Nov. 2.—Secretary Gilliam of the Democratic State committee, will give out an election statement late this afternoon for publication tomorrow. It will claim that all the larger cities in Ohio will go Democratic and that conditions elsewhere will insure Democratic victory. The secretary points with pride to the fact that his committee has attacked no person and says the result will show whether this kind of politics is appreciated by the people or whether they prefer the tactics of the opposition. Gilliam says Kilbourne will not consent to have his name remain on the ticket if the campaign was conducted with personal abuse. No figures will be given as a prediction on the general result. Gilliam says the best Republican prognosticators are 50,000 votes apart and that all are unreliable. The foregoing interview was accorded the Advocate correspondent by Mr. Gilliam this afternoon.

FREIGHT WRECK

**IN WHICH PHILIP TRACY LOST
HIS LIFE.**

**Twenty Thousand Dollars Damage
Done—Fire Department Called—
Deceased a Prominent Man.**

A special telegram to the Advocate from Delaware, Ohio, today tells of a disastrous freight train collision at 2 o'clock this morning on the Big Four railroad in which Philip Tracy, who is known to a number of Newark railroad men, lost his life.

When the collision occurred, Conductor Tracy was instantly killed. The wreck then took fire and the conductor's remains were burned to a crisp. The Delaware fire department was called to the scene to fight the flames, but the rolling stock was damaged to the extent of \$20,000. The deceased conductor was president of the Railroad Mutual Insurance company.

LOSS MAY BE \$25,000.

The following Scripps McRae telegram to the Advocate gives additional details of the collision:

Delaware, O., Nov. 2.—A rear-end collision occurred here this morning on the Cincinnati division of the Big Four and damage to rolling stock amounted to nearly \$25,000. Conductor Philip Tracy was in his caboose at the time the second train struck and was instantly killed and his remains were burned to a crisp. The city fire department was called to extinguish the burning cars which caught fire from the headlight of the second locomotive. Conductor Tracy was well known throughout the state and was president of the Mutual Insurance company, on the Big Four.

ANOTHER REAR-END COLLISION.

New York, Nov. 2.—A rear-end collision took place this morning on the Jersey Central railroad at the Greenville station, Jersey City, between an accommodation train and the Royal Blue train which leaves Washington at midnight. Conductor John Annes, of this city, was so seriously injured that he died later at the city hospital. None of the passengers were hurt.

MRS. NATION

**Spent the Morning in Pittsburgh and
After Visiting a "Joint" Was

Pittsburg, Nov. 2.—Carrie Nation, the "smasher," arrived in Pittsburg this morning. She came from Buffalo and is en route to Wheeling. Having some time between trains at her disposal, Mrs. Nation proceeded to improve it in her favorite manner and early, put in an appearance at the restaurant and saloon of George Dilling, on Diamond street. Mrs. Nation created considerable excitement, made threats, etc., but before the well-worn blade of her hatchet got in its work, Mrs. Nation was in the hands of the detectives and en route to the Central police station, where she was held by the officers until the time of the departure of her train at 1 p. m. for Wheeling.

GREAT

**RECEPTION TO KILBOURNE AT
MT. VERNON.**

HE VISITED KENYON COLLEGE

**Before Speaking to a Big Crowd at
Mt. Vernon—Colonel Kilbourne
and Labor.**

Mt. Vernon, O., Nov. 2.—The greeting of this city to Colonel Kilbourne was an overflowing audience, respectful attention to his arguments and unlimited applause. The meeting was of great encouragement to the Democracy, for it was an indication that the members of the party in Knox county are alive to the issues of the campaign.

Thursday Senator Foraker held a meeting in this city, and last night's gathering was a fitting response to it both in enthusiasm and in numbers. On both of these points there is absolutely no parallel to be drawn. The crowd, or such of it as was able to get into the building, represented all grades of social life.

Colonel Kilbourne was accompanied to this city by John L. Zimmerman, Massillon, the nominee for lieutenant governor, and T. B. Minahan, of Columbus, all of whom delivered addresses. The meeting was presided over by Chairman Frank Moore. In his address Colonel Kilbourne took occasion to refer to the fact that he was no stranger to the city or county. He had received his education at Gambier, and as a boy had often visited Mt. Vernon, which he had seen grow from an unpretentious village to a thriving city of industry and wealth. He also referred to the fact that it was here that he began his political career, starting out at the age of 16 with Frank Hurd, the apostle of free trade, then a young lawyer at the Knox county bar.

The Republican committee flooded the various shops here with posters containing the labor charges against Colonel Kilbourne, and he took occasion to once more deny them, though it was scarcely necessary. Many of the men employed here came from Columbus, and are familiar with the standing of the nominee with the union workmen of the Capital city. It was at their request that he made the reply, having made up his mind previously that he would remain silent. His reputation was, as usual, complete, and was greeted with lusty cheers, by the mechanics present. His argument upon the trusts was also well received and carefully listened to by his audience, who at the close gave

DEATHS

**OF CHILDREN AT ST. LOUIS
FROM LOCKJAW.**

**MANY ARE REPORTED TO BE
VERY SICK.**

ELEVEN SAID TO HAVE DIED.

**Coroner Calls Twenty Five Doctors to
Explain Where They Received the
Serum Used.**

St. Louis, Mo., Nov. 2.—Isaac Stein, aged 6, died at the city hospital today, making the tenth child to die in the past three days of lockjaw, resulting from effect of city anti-toxin serum. Many other children are reported critically ill with tetanus. Coroner Funkhauser is investigating the matter with a view to ascertaining who is responsible for the deaths and has summoned twenty-five physicians to appear at his office today and explain where they received the serum which they have used.

St. Louis, Nov. 2.—The list of deaths attributed to lockjaw as a result of the administration of diphtheria anti-toxin manufactured by the city chemist now numbers 11, two new deaths being reported. Eleven other children are reported to the health department as suffering from lockjaw, with slight chances for recovery. The cause of lockjaw in each case is said to be poisoning from the city's diphtheria anti-toxin. As a result of the charges the health department has begun the free distribution of tetanus anti-toxin. It is designed to inject the serum into the blood of diphtheria patients who have been inoculated with the tetanus-infected serum, and thus exposed to lockjaw.

The board of health has announced that no more diphtheria anti-toxin will be manufactured by the city of St. Louis. The investigation ordered by the city coroner to determine the cause of the deaths of the eight children who are alleged to have died of lockjaw, following the administration of the city's anti-toxin, is being pushed, and it is expected that its object will be accomplished within a few days. Doctors Bolton, Fish and Waldron, three of the most experienced bacteriologists in St. Louis, are making tests with the anti-toxin and the serum taken from the spinal columns of the dead children.

Dr. Ravold, city bacteriologist, who made the anti-toxin complained of from serum taken from a horse, which developed tetanus Oct. 1 and was shot, declares that if the animal's system contained tetanus bacilli on Aug. 24, when the last serum was taken from him, it was impossible to detect it by an inspection of the horse.

At the Baptist hospital, an independent examination has convinced Drs. A. B. Nichols, R. C. Harris and C. C. Morris that the presence of tetanus germs in the city anti-toxin is indisputable. A guinea pig was inoculated with the anti-toxin Wednesday, developed symptoms of lockjaw Thursday morning and died Friday.

Ceilings and Ventilation.
Rooms with low ceilings or with ceilings even with the window tops are susceptible of more perfect ventilation than those with high ceilings. In such rooms the leakage at the windows, which is constantly going on, keeps the air in motion throughout the room, whereas if the ceiling is higher only the lower part of the air is moved, and an inverted lake of foul and hot air is left floating in the space above the window tops. This lake, under the law of diffusion of gases, keeps actively at work fouling the fresh currents circulating beneath it.

Longevity of Irish Peasants.
It is curious to notice the great number of centenarians whose deaths are recorded in the official returns of Irish rural districts. As an instance of the longevity of the Irish peasant it may be pointed out that the death of persons upward of sixty years of age registered in Connacht last year amounted to over 50 per cent of the entire deaths of the province.

Kilbourne spoke 15 minutes devoting himself to stating his position on the tariff. Senator Miller spoke principally on local issues but he also spoke on the subject of lower tariff and was frequently applauded, especially by a number of Republican farmers in the crowd. The reciprocity ideas of President McKinley seemed extremely popular.

Bankert then shot himself through the heart. Bankert's object was revenge. He had loved Mrs. Green before her marriage, and for making a murderous assault on her husband he was sent to the penitentiary and was only recently released. Mrs. Green still lives but is fatally wounded. Bankert and Green died at once.

**New Company Takes Hold of the
Beem Brothers Plant—About Fifty
Men to Be Employed.**

Summit Station, O., Nov. 2.—Beem Brothers, former owners of the Summit Clay works, have sold the plant to the Columbus Clay Manufacturing company which is capitalized for \$50,000. The Board of Directors is composed of the following named men: T. A. Beem, of Summit Station, president; Barton Griffith, of Columbus, vice president; L. H. Beem, of Summit Station, treasurer, and E. B. Waples, of Columbus. The company's main office will be in Columbus and the company's present buildings here will be replaced by new ones. New and up-to-date machinery will be installed and a number of additional kilns will be built. The men expect to commence operations at once and when completed the plant will give employment to 40 or 50 men.

The company will carry on a business of manufacturing and producing tiling of various kinds for building, range block, flue linings, fire brick, paving brick, building brick, fire roofing, etc. The men are all practical men of experience and they have the best wishes of the entire community for success in their new enterprise. About a dozen new houses are to be built here soon.

Heretofore the plant has employed only about a half dozen men and has been operated only part of the year. The new company intends to build a plant that will be in operation the entire year.

CRUSADE

**Against Mosquitoes in Havana Harbor
Is Bearing Splendid Results—
How Fight Is Waged.**

Washington, Nov. 2.—The crusade against mosquitoes in Havana is bearing splendid results. Since March 1, 100 men have been constantly engaged in killing the germ bearing pests in every way known to science. Hundreds of barrels of kerosene have been used upon the ponds and stagnant pools in and about the city, and the authorities believe have thus materially reduced the insect population. Since April 1, this year, only two persons have died in Havana from yellow fever and eleven from malarial fever. During the same period last year before the destruction of the mosquitoes was begun 52 deaths resulted from the yellow scourge and 22 from malarial fever.

AHEAD OF LAST YEAR.

New York, Nov. 2.—Interest and disbursements on railroad, industrial and miscellaneous corporations during the month of November, according to the best figures obtainable, will amount to something like \$60,217,354, or more than \$10,000,000 in excess of the payments in the corresponding month of last year. Dividends on preferred stock in the United States Steel corporation will amount to nearly \$9,000,000 or \$1,000,000 in excess of the disbursements on shares of all other industrial corporations.

BOODLE

**IMMENSE SIZE OF CAMPAIGN COR-
RUPTION FUND**

USED BY THE REPUBLICANS.

**Details of Campaign Expenditures Un-
heard of in Ohio Politics—Where
Does the Money Come From**

Columbus, O., Nov. 2.—Observation on the subject of "boodle in politics" are somewhat commonplace, and it is a lamentable fact that they are so because the use of boodle is equally common in this country and especially in Ohio. This is as true of the campaign that will end with next Tuesday's election as it has ever been of any in the history of the state. This is not a presidential year and therefore not one which would be expected to witness an inordinately great expenditure of money by the Republican managers, who are, as usual, the only individuals supplied with unlimited means; but it is a year that will mark the end of Mark Hanna's reign in Ohio if the Democratic ticket is elected, and this fact alone is quite sufficient to throw wide open not only the treasure box of the state committee, but the big safe of the national committee as well, the key to which has for nearly six years rested in Mr. Hanna's inside pocket.

The Republican boss knows very well that his continued reign depends upon the issue of Tuesday's election and he will make any sacrifice of the vast funds at his command to insure a result to his liking.

Accordingly Chairman Dick and his associates are resting on their oars this week, preparatory to tapping their resources to the limit on election day. The distribution will be made on Monday in the several counties. The fund reposes in the Desher National Bank here and of late has been prodigiously fattened for the final tapping. Before Tuesday it will be withdrawn and sent "where it will do the most good." Immense sums are ready for Cincinnati, Columbus, Toledo and Dayton. Indeed, the Republican workers in every city in the state will be supplied with money far beyond legitimate needs and with a prodigality unprecedented even in their rich experience. In the country the distribution will be correspondingly generous and the rural "heeler" will have equal cause for congratulation along with his more opulent brothers in the cities.

It is an astonishing, yet a conservative statement to make, that the Republicans will spend \$100,000 in Ohio next Tuesday. They have already

LORANDO CLAIM IS SETTLED

**But the Real Demands Will Be An-
nounced in a Few Days—Some
Important Issues.**

Paris, Nov. 2.—A person closely connected with the government, discussing the Franco-Turkish situation today, put a new phase on the questions at stake. He said:

"The Lorando claim is settled, but private adjustments will not affect France's action, as these are now taken to be of secondary importance. The real demands will be announced in a few days. I can say, however, that important issues, long neglected, are now at stake, and these are religious as well as political. Among them the most important question is France's religious protectorate in the Orient, which Turkey has disrespected."

The Agencie Nationale has a dispatch from a Constantinople officer today, giving a decision reached by the council of ministers and sanctioned by an imperial edict whereby the porte has consented to settle the Lorando claim on the French government's conditions. These conditions are that the Ottoman bank pay \$244,000 in settlement.

ONE MAN'S LUCK.

Heered into a Junior Partnership by a Chance Gust of Wind.

"Speaking of taking in partners," said a downtown business man, "our junior was, you might say, blown in on us, and I saw him started in our direction, though I had no idea of it at the time."

"Going down town one summer morning on a Ninth avenue elevated train I saw sitting opposite to me a young man who caught my fancy, a substantial, earnest, straightforward looking chap, whose looks I liked first rate. He was reading a paper, and presently he tore off from his paper an advertisement leaf that he didn't want and threw it out of a window or tried to, for as a matter of fact it didn't go out. A gust of wind with just the right twist to it came along at just that moment and blew the paper back, to fall on a vacant seat next to him."

"And as it fell something in it caught his eye, and he picked up that part which he had just been trying to throw away and began earnestly to read it and ended up by folding it carefully and putting it in his pocket."

"About four minutes after I'd got in here that morning this same young man walks in and applies for a place that we had been waiting for somebody to fill. Our advertisement for a man for it was in that paper which I had seen this young man try to throw away, and which a gust of wind, by one chance in a million or more, had blown back upon him and in such a manner as to fix his attention."

"As a matter of fact I hadn't liked the young man's act of throwing the paper out of an elevated car window. A paper floating down and around as that would do might frighten horses and lead to no end of trouble and lots of damage, but no one man thinks about everything, and he'd learn better about this, I knew, and so as a matter of fact I took this young man on the spot on my first impressions of him. He far more than made good and in due course of time he came into his junior partnership, literally and truly blown into it."

"Sort of queer, eh?"—New York Sun.

A CORDIAL RECEPTION.

The Book Agent Got One That Wasn't Intended For Him.

There is a farmer living just north of Evanston and a book agent somewhere in the cosmopolitan desert of Chicago each of whom feels that he is a victim of a cruel circumstance.

Last week the farmer had a note from a nephew to say that the boy would visit the farm on Thursday. Uncle and nephew had not met for fifteen years, and the old man drove to the station in his most uncomfortable coat that he might welcome his sister's child. But the young man failed to arrive. After waiting till the last passenger had disappeared the old man drove away, disappointed.

The book agent entered into the dramatic personae early the next morning. Looking over the top rail of the barnyard gate, he called, "Hello, uncle!"

The book agent never got such a reception before in all his life. The farmer flung the gate wide open, seized the agent's hand and pressed a whiskered kiss on the ironclad cheek.

"Say, this must be heaven," murmured the agent, following the farmer into the house and explaining that everybody at home was as well as could be expected. Not till the agent was full of a boiled dinner and attempted to sell a book did the farmer begin to see a dim light. Charged with impersonating the missing nephew, the agent explained that he greeted all elderly strangers as "uncle," that he even had a few almost real ones in South Clark street in Chicago.

When last seen by the farmer, the agent was still running, and when the real nephew does come he may find an electric current in the late string.

DEBENTURE

Bonds to Be Sold for Benefit of Creditors December 10—Judge Badger's Order.

Columbus, O. Nov. 1.—Judge Badger has made an order to sell the bonds deposited with the state treasurer by the Ohio Debenture company. The sale of the bonds under the order is to take place on December 10. There are \$55,000 worth. This is the real beginning of the close of the debenture company's affairs under the receivership. Some time ago an order was made to sell, but later, on the representation of the company that it could be postponed till the master commissioner made his report and thus accumulate more interest, that order was set aside. Objection was made this morning by Mr. E. C. Morton, attorney for the company to the making of the order of sale for December 10, but as it was understood that Master Commissioner Okey would be ready by December 1 to file his report, the order was made. After the sale, it will be in order to apply to the courts for an order distributing the proceeds among the creditors, unless some finding by the master should leave matters in such shape that a distribution cannot take place. Of course, it might be that only a partial distribution of the proceeds could be made.

The place for the sale to take place is left indefinite, the order being merely to State Treasurer Cameron to sell.

ARIZONA KICKLETS.

A Number of Lively Items From a Lively Paper.

[Copyright, 1901, by C. B. Lewis.] It will soon be time again for us to buckle on our guns and interview the half dozen slyster lawyers who have brought libel suits against The Kicker during the past six months. We always enjoy such occasions.

We don't say that the cutter who put a bullet through our hat the other night as we were riding home from Blue Valley intended assassination, but we think such jokes out of place and can't appreciate them. Our feet were cold for two hours after we got home.

It is not exactly true that the editor of this paper, who owns 11,000 acres of desert land, is going into strawberries next year. He has figured it out that it would take eight barrels of water to a berry and that he would have to dig a canal fifty-four miles long to get it. Our best hold is politics.

Dr. Johnson is the last physician to hang out his sign among us, and he is said to be rapidly building up a practice. If it turns out that he knows a case of the whooping cough from a compound fracture of the leg, we shall be glad of his coming. Most of the other doctors in town picked up their knowledge in a blacksmith shop.

It may have been observed that The Kicker never says "it is alleged" so and so. We always call a man a murderer or a horse thief if we think he is one, and if he can convince us to the contrary we make him an apology. This keeps things pretty lively, but it gives general satisfaction.

This town is not sending out boom pamphlets as to its churches, schools, factories and railroads, but if any man is looking for a place where he can get out and yell any time he wants to or where he can shoot all day long and not have to look for other people this place should be given a fair trial.

Major George Scott and ex-Judge Truesdale fired six shots at each other in front of the postoffice yesterday, and each escaped unhurt. That such

FIRE SIX SHOTS AT EACH OTHER IN FRONT OF THE POSTOFFICE. men are permitted to carry guns instead of broom handles must in time make Giveadam Gulch the laughing stock of the territory. We have personally given each the cold cut.

The report in the Chicago papers that the mayor of this town (who is himself had shot Alderman Skinner dead during a session of the common council) is the veriest nonsense. The alderman contended that a motion to adjourn was always in order, and we had to throw him over his desk to satisfy him that there were exceptional instances.

We understand that Mr. John Shine has returned to Giveadam Gulch after a three months' residence in New Mexico. It is said that he didn't exactly admire the way in which a vigilance committee danced him around at the end of a rope. John was always rather particular on the subject of his neck. M. QUAD.

A. HARRIS

Writes of Conditions in Missouri—He Confidentially Looks for Election of Colonel Kilbourne.

Kirkersville, O., Nov. 1.—A Kirkersville man has just received the following letter from Mr. A. Harris written at Hughesville, Mo. Mr. Harris is well known in Licking county.

I have been in Missouri something like three weeks. I find the country unusually dry and weather still w. m. Have had some frost but as yet is sufficient to bring about cool weather. The people throughout the entire state have this year passed through the longest drouth since "the forties." Water for stock is quite an item. Farmers in this state are almost entirely dependent upon their ponds and creeks for their supply of water. Excessive heat and continued drouth has long since run them dry, and what few wells are in working order proved unequal to stock demand. The potato crop is short, the corn crop light, and oats were not harvested. Wheat crop generally good. The few fall showers have made considerable forage and with strict economy, the supply of hay, fodder, etc., will feed the stock until spring. Considerable wheat is being sown this fall. Little fall plowing is being done owing to the drouth. The people in general are hopeful, and in their crops next year hope to regain what they have lost this year.

Missouri schools are well attended. Attendance at State University shows considerable increase over that of last year. The World's Fair is the principal topic of the day. Great preparation is being made there by the city of St. Louis as well as the state.

I have enjoyed good health since my arrival here and in all expect to spend a very enjoyable and pleasant winter. I am also expecting Ohio to elect a Democratic Governor. Wishing you all much happiness and success. I am, as ever, your friend

JOHN A. HARRIS.

DEATH OF JOHN M. SPERRY.

John M. Sperry, a brother of the late Peter W. Sperry of this place, died at Sperry, Iowa, last Saturday, aged 80 years. His ailment was heart trouble.

Mr. Sperry was thrice married, first to Julia Penn, of Illinois, next to Martha Gelett, of Iowa, and lastly to Emma Cousins, of Illinois. By the last wife he was father of nine children, six of whom are living.

He was born in Knox county and united with the Owl Creek church in 1842. He became wealthy after he went west in 1851.—Utica Herald.

VICTORY

**CLAIMED FOR DEMOCRACY BY
MR. GILLIAM.**

**CONDITIONS INSURE SUCCESS
SAYS THE SECRETARY.**

REPUBLICAN PROGNOSTICATORS

**Are Fifty Thousand Votes Apart and
All Figures Given Are Unreliable.
—An Interview.**

Columbus, Nov. 2.—Secretary Gilliam of the Democratic State committee, will give out an election statement late this afternoon for publication tomorrow. It will claim that all the larger cities in Ohio will go Democratic and that conditions elsewhere will insure Democratic victory. The secretary points with pride to the fact that his committee has attacked no person and says the result will show whether this kind of politics is appreciated by the people or whether they prefer the tactics of the opposition. Gilliam says Kilbourne would not consent to have his name remain on the ticket if the campaign was conducted with personal abuse. No figures will be given as a prediction on the general result. Gilliam says the best Republican prognosticators are 50,000 votes apart and that all are unreliable. The foregoing interview was accorded the Advocate correspondent by Mr. Gilliam this afternoon.

FREIGHT WRECK

**IN WHICH PHILIP TRACY LOST
HIS LIFE.**

**Twenty Thousand Dollars Damage
Done—Fire Department Collected—
Deceased a Prominent Man.**

A special telegram to the Advocate from Delaware, Ohio, today tells of a disastrous freight train collision at 2 o'clock this morning on the Big Four railroad in which Philip Tracy, who is known to a number of Newark railroad men, lost his life.

When the collision occurred, Conductor Tracy was instantly killed. The wreck then took fire and the conductor's remains were burned to a crisp. The Delaware fire department was called to the scene to fight the flames, but the rolling stock was damaged to the extent of \$20,000. The deceased conductor was president of the Railroad Mutual Insurance company.

LOSS MAY BE \$25,000.

The following Scripps McRae telegram to the Advocate gives additional details of the collision:

Delaware, O., Nov. 2.—A rear-end collision occurred here this morning on the Cincinnati division of the Big Four and damage to rolling stock amounted to nearly \$25,000. Conductor Philip Tracy was in his caboose at the time the second train struck and was instantly killed and his remains were burned to a crisp. The city fire department was called to extinguish the burning cars which caught fire from the headlight of the second locomotive. Conductor Tracy was well known throughout the state and was president of the Mutual Insurance company, on the Big Four.

ANOTHER REAR-END COLLISION.

New York, Nov. 2.—A rear-end collision took place this morning on the Jersey Central railroad at the Greenville station, Jersey City, between an accommodation train and the Royal Blue train which leaves Washington at midnight. Conductor John Anna, of this city, was so seriously injured that he died later at the city hospital. None of the passengers were hurt.

MRS. NATION

Pittsburg, Nov. 2.—Carrie Nation, the "smasher," arrived in Pittsburg this morning. She came from Buffalo and is en route to Wheeling. Having some time between trains at her disposal, Mrs. Nation proceeded to improve it in her favorite manner and early put in an appearance at the restaurant and saloon of George Dilling, on Diamond street. Mrs. Nation created considerable excitement, made threats, etc., but before the well-worn blade of her hatchet got in its work, Mrs. Nation was in the hands of the detectives and en route to the Central police station, where she was held by the officers until the time of the departure of her train at 1 p. m. for Wheeling.

GREAT

**RECEPTION TO KILBOURNE AT
MT. VERNON.**

HE VISITED KENYON COLLEGE

**Before Speaking to a Big Crowd at
Mt. Vernon—Colonel Kilbourne
and Labor.**

Mt. Vernon, O., Nov. 2.—The greeting of this city to Colonel Kilbourne was an overflowing audience, respectful attention to his arguments and unlimited applause. The meeting was of great encouragement to the Democracy, for it was an indication that the members of the party in Knox county are alive to the issues of the campaign.

Thursday Senator Foraker held a meeting in this city, and last night's gathering was a fitting response to it both in enthusiasm and in numbers. On both of these points there is absolutely no parallel to be drawn. The crowd, or such of it as was able to get into the building, represented all grades of social life.

Colonel Kilbourne was accompanied to this city by John L. Zimmerman, Massillon, the nominee for Lieutenant governor, and T. B. Minahan, of Columbus, all of whom delivered addresses. The meeting was presided over by Chairman Frank Moore. In his address Colonel Kilbourne took occasion to refer to the fact that he was no stranger to the city or county. He had received his education at Gambier, and as a boy had often visited Mt. Vernon, which he had seen grow from an unpretentious village to a thriving city of industry and wealth. He also referred to the fact that it was here that he began his political career, starting out at the age of 16 with Frank Hurd, the apostle of free trade, then a young lawyer at the Knox county bar.

The Republican committee flooded the various shops here with posters containing the labor charges against Colonel Kilbourne, and he took occasion to once more deny them, though it was scarcely necessary. Many of the men employed here came from Columbus, and are familiar with the standing of the nominee with the union workmen of the Capital city. It was at their request that he made the reply, having made up his mind previously that he would remain silent. His refutation was, as usual, complete, and was greeted with lusty cheers by the mechanics present. His argument upon the trusts was also well received and carefully listened to by his audience, who at the close gave

DEATHS

**OF CHILDREN AT ST. LOUIS
FROM LOCKJAW.**

**MANY ARE REPORTED TO BE
VERY SICK.**

ELEVEN SAID TO HAVE DIED.

**Coroner Calls Twenty Five Doctors to
Explain Where They Received the
Serum Used.**

St. Louis, Mo., Nov. 2.—Isaac Stein, aged 6, died at the city hospital today, making the tenth child to die in the past three days of lockjaw, resulting from effect of city anti-toxine serum. Many other children are reported critically ill with tetanus. Coroner Funkhauser is investigating the matter with a view to ascertaining who is responsible for the deaths and has summoned twenty-five physicians to appear at his office today and explain where they received the serum which they have used.

St. Louis, Nov. 2.—The list of deaths attributed to lockjaw as a result of the administration of diphtheria anti-toxin manufactured by the city chemist now numbers 11, two new deaths being reported. Eleven other children are reported to the health department as suffering from lockjaw, with slight chances for recovery. The cause of lockjaw in each case is said to be poisoning from the city's diphtheria anti-toxin. As a result of the charges the health department has begun the free distribution of tetanus anti-toxin. It is designed to inject the serum into the blood of diphtheria patients who have been inoculated with the tetanus-infected serum, and thus exposed to lockjaw.

The board of health has announced that no more diphtheria anti-toxin will be manufactured by the city of St. Louis. The investigation ordered by the city coroner to determine the cause of the deaths of the eight children who are alleged to have died of lockjaw, following the administration of the city's anti-toxin, is being pushed, and it is expected that its object will be accomplished within a few days. Doctors Bolton, Fish and Waldron, three of the most experienced bacteriologists in St. Louis, are making tests with the anti-toxin and the serum taken from the spinal columns of the dead children.

Dr. Ravold, city bacteriologist, who made the anti-toxin complained of from serum taken from a horse, which developed tetanus Oct. 1 and was shot, declares that if the animal's system contained tetanus bacilli on Aug. 24, when the last serum was taken from him, it was impossible to detect it by an inspection of the horse. At the Baptist hospital, an independent examination has convinced Drs. A. B. Nichols, R. C. Harris and C. C. Morris that the presence of tetanus germs in the city anti-toxin is indisputable. A guinea pig was inoculated with the anti-toxin Wednesday, developed symptoms of lockjaw Thursday morning and died Friday.

Ceilings and Ventilation.
Rooms with low ceilings or with ceilings even with the window tops are susceptible of more perfect ventilation than those with high ceilings. In such rooms the leakage at the windows, which is constantly going on, keeps the air in motion throughout the room, whereas if the ceiling is higher only the lower part of the air is moved, and an inverted lake of foul and hot air is left floating in the space above the window tops. This lake, under the law of diffusion of gases, keeps actively at work fouling the fresh currents circulating beneath it.

Longevity of Irish Peasants.
It is curious to notice the great number of centenarians whose deaths are recorded in the official returns of Irish rural districts. As an instance of the longevity of the Irish peasant it may be pointed out that the death of persons upward of sixty years of age is recorded in Connaught last year amounting to over 50 per cent of the entire deaths of the province.

Sunbury, O., Nov. 2.—Colonel Kilbourne and Senator Wm. E. Miller of Newark addressed a large assemblage of farmers here Friday. Wm. Barton presided. Col. Kilbourne spoke 15 minutes devoting himself to stating his position on the tariff. Senator Miller spoke principally on local issues but he also spoke on the subject of lower tariff and was frequently applauded, especially by a number of Republican farmers in the crowd. The reciprocity ideas of President McKinley seemed extremely popular.

Bankert then shot himself through the heart. Bankert's object was revenge. He had loved Mrs. Green before her marriage, and for making a murderous assault on her husband he was sent to the penitentiary and was only recently released. Beem Brothers Plant—About Fifty
Men to Be Employed.**

Summit Station, O., Nov. 2.—Beem Brothers, former owners of the Summit Clay works, have sold the plant to the Columbus Clay Manufacturing company which is capitalized for \$50,000. The Board of Directors is composed of the following named men: T. A. Beem, of Summit Station, president; Barton Griffith, of Columbus, vice president; L. H. Beem, of Summit Station, treasurer, and E. B. Waples of Columbus. The company's main office will be in Columbus and the company's present buildings here will be replaced by new ones. New and up-to-date machinery will be installed and a number of additional kilns will be built. The men expect to commence operations at once and when completed the plant will give employment to 40 or 50 men.

The company will carry on a business of manufacturing and producing tiling of various kinds for building, range block, flue linings, fire brick, paving brick, building brick, are roofing, etc. The men are all practical men of experience and they have the best wishes of the entire community for success in their new enterprise. About a dozen new houses are to be built here soon.
Heretofore the plant has employed only about a half dozen men and has been operated only part of the year. The new company intends to build a plant that will be in operation the entire year.

CRUSADE

**Against Mosquitos in Havana Harbor
Is Bearing Splendid Results—
How Fight Is Waged.**

Washington, Nov. 2.—The crusade against mosquitos in Havana is bearing splendid results. Since March 1, 100 men have been constantly engaged in killing the germ bearing pests in every way known to science. Hundreds of barrels of kerosene have been used upon the ponds and stagnant pools in and about the city, and the authorities believe have thus materially reduced the insect population. Since April 1, this year, only two persons have died in Havana from yellow fever and eleven from malarial fever. During the same period last year before the destruction of the mosquitoes was begun 52 deaths resulted from the yellow scourge and 22 from malarial fever.

AHEAD OF LAST YEAR.

New York, Nov. 2.—Interest and disbursements on railroad, industrial and miscellaneous corporations during the month of November, according to the best figures obtainable, will amount to something like \$60,217,354, or more than \$10,000,000 in excess of the payments in the corresponding month of last year. Dividends on preferred stock in the United States Steel corporation will amount to nearly \$9,000,000 or \$1,000,000 in excess of the disbursements on shares of all other industrial corporations.

BOODLE

**IMMENSE SIZE OF CAMPAIGN COR-
RUPTION FUND**

USED BY THE REPUBLICANS.

**Details of Campaign Expenditures Un-
heard of in Ohio Politics—Where
Does the Money Come From**

Columbus, O., Nov. 2.—Observation on the subject of "boodle in politics" are somewhat commonplace, and it is a lamentable fact that they are so because the use of boodle is equally common in this country and especially in Ohio. This is as true of the campaign that will end with next Tuesday's election as it has ever been of any in the history of the state. This is not a presidential year and therefore not one which would be expected to witness an inordinately great expenditure of money by the Republican managers, who are, as usual, the only individuals supplied with unlimited means; but it is a year that will mark the end of Mark Hanna's reign in Ohio if the Democratic ticket is elected, and this fact alone is quite sufficient to throw wide open not only the treasure box of the state committee, but the big safe of the national committee as well, the key to which has for nearly six years rested in Mr. Hanna's inside pocket.

The Republican boss knows very well that his continued reign depends upon the issue of Tuesday's election and he will make any sacrifice of the vast funds at his command to insure a result to his liking.

Accordingly Chairman Dick and his associates are resting on their oars this week, preparatory to tapping their resources to the limit on election day. The distribution will be made on Monday in the several counties. The fund reposes in the Deshler National Bank here and of late has been prodigiously fattened for the final tapping. Before Tuesday it will be withdrawn and sent "where it will do the most good." Immense sums are ready for Cincinnati, Columbus, Toledo and Dayton. Indeed, the Republican workers in every city in the state will be supplied with money far beyond legitimate needs and with a prodigality unprecedented even in their rich experience. In the country the distribution will be correspondingly generous and the rural "heelers" will have equal cause for congratulation along with his more opulent brothers in the cities. It is an astonishing, yet a conservative statement to make, that the Republicans will spend \$100,000 in Ohio next Tuesday. They have already

**FROM DEMONSTRATION AGAINST

LORANDO CLAIM IS SETTLED

**But the Real Demands Will Be An-
nounced in a Few Days—Some
Important Issues.**

Paris, Nov. 2.—A person closely connected with the government, discussing the Franco-Turkish situation today, put a new phase on the questions at stake. He said:

"The Lorando claim is settled, but private adjustments will not affect France's action, as these are now taken to be of secondary importance. The real demands will be announced in a few days. I can say, however, that important issues, long neglected, are now at stake, and these are religious as well as political. Among them the most important question is France's religious protectorate in the Orient, which Turkey has disrespected."

The Agencie Nationale has a dispatch from a Constantinople officer today, giving a decision reached by the council of ministers and sanctioned by an imperial edict whereby the porte has consented to settle the Lorando claim on the French government's conditions. These conditions are that the Ottoman bank pay £344,000 in settlement.

VOTE STRAIGHT

Democrats of Licking Urged to Put
An X Mark Under the Rooster
Early Tuesday.

Democrats of Licking county, the time is almost at hand for you to again go to the polls and do your duty. That you will do it, there is no question. The Democrats of Old Licking can always be relied upon to stand by the party and while the present campaign has been an unusually quiet one, the fact must not be overlooked that it is important in that a governor of the state is to be chosen and a successor to Joseph B. Foraker in the United States Senate is to be elected by the legislature.

Go to the polls early next Tuesday morning and vote for Colonel Kilbourne, the farmers' and the workingmen's friend, and vote for members of the general assembly who are pledged to elect a man as United States Senator who is opposed to the Trusts and to Imperialism.

On the eve of the election, all sorts of unreliable stories about candidates are circulated by the opposition. Do not believe everything you hear in the heat of a campaign but sift every story to the bottom.

The candidates on the Democratic ticket this year are all capable, honest and honorable men. Stand by your party and by the glorious principles of Democracy by putting an X-mark under the rooster early next Tuesday morning.

Every Democrat should regard it as a sacred duty to vote the straight ticket this fall because it is the best ticket. And none should fail to vote.

EVERY NEWARK CITIZEN IS INTERESTED IN BILLY MILLER'S ELECTION.

The local interests of Newark city will be immensely benefited by electing "Billy" Miller to the State Senate. He will be able to secure liberal appropriations for our Encampment Grounds, while the Republican candidate, who is a resident of another county, will be indifferent and have no personal interest in the matter. Everybody knows that "Billy" Miller has always been a champion of the Newark Encampment, and that he will be especially active in procuring appropriation for the further improvement of the grounds which is very necessary. Every citizen of Newark is interested in this improvement and for that reason they should secure it by seeing that "Billy" Miller's majority in this city will be a plenty.

A FALSE AND COWARDLY ATTACK.

A shameful and malicious attack made on Mr. James Redman, the Democratic candidate for infirmary director, containing a tissue of falsehoods regarding the management of the institution, appears in the columns of the American-Tribune over an anonymous signature. The fact that the irresponsible creature who makes the charges on the eve of election is too cowardly to sign his own name to the article is quite sufficient to stamp it as being wholly unworthy of belief.

The fact is that no county infirmary in the entire state is managed better—more economically in expenditure or more humanely in the care of the unfortunate inmates—than that of Licking county. The State Board of Charities has verified this fact on more than one occasion during the present management.

As to the economy of the institution's management, the belief is expressed by Auditor Pitzer and others familiar with its financial condition, that no tax levy will be needed next year to meet the expenditures.

In a word, the financial condition of the Licking county infirmary has never been better in the entire history of the institution than it is at the present time.

Let the coward who wrote the American-Tribune article have the courage and manhood to come out over his own signature if he has any facts to justify his charges.

But he has none. It is only a trick on the eve of election.

Every Democrat should regard it as a sacred duty to vote the straight ticket this fall because it is the best ticket. And none should fail to vote.

The large vote that Mr. Sid Levingston will receive for county commissioner in this city next Tuesday causes great consternation among the side editors of the American-Tribune. They see plainly that Mr. Levingston, on account of his many personal friends, will far outstrip their own unpopular candidate.

There is a remarkable contrast between the personal popularity of the candidates on the Democratic and Republican tickets this year. Every Democratic candidate is immensely superior to his Republican opponent in this regard from the top to the bottom of the ticket. This is why such frantic, unprecedented appeals are made, begging and pleading for votes for the Republican candidates. It is a practical acknowledgement of their unpopularity.

WHILE IT IS NOTORIOUSLY TRUE THAT THE MASSES ARE UNJUSTLY TAXED. SENATOR HANNA TELLS THEM TO "LET WELL ENOUGH ALONE," INDICATING THAT THEY MIGHT GET A WORSE DOSE.

When men leave the Republican party because they refuse any longer to be owned by bosses and voted as mere cattle, the party organ denounces them as "purchasable." If a voter wants to be a free man, then he comes in for abuse and calumny from the organ of the party of trusts.

YOUR VOTE ON TUESDAY NEXT WILL HELP TO MAKE SURE A DEMOCRATIC VICTORY. DO NOT FAIL TO CAST IT.

Tuesday, November 5, is election day. Prepare now to get out the full Democratic vote on election day. Democrats get out the vote.

FACTS AS TO THE REGISTRATION OF VOTERS.

In all the cities of Ohio of the grade of Newark it is only necessary for voters to register once in every four years, unless said voters have changed their places of residence.

The regular registration occurred in Newark in 1900 and the next general registration will not occur till 1904. But if the voter had removed to the city since last year he was required to register.

Or if the voter, having registered last year changed his residence from one ward or precinct to another he was required to get a certificate of transfer to the ward or precinct where he now lives.

To accommodate all this class of voters was the object of the four registration days held in October.

The Advocate makes this explanation because of a wrong impression existing among some voters that they could not vote because they failed to register this year. All Newark voters who registered in 1900 and did not change their residence were not required to register this year and can vote all right next Tuesday.

On Monday afternoon, the day before election, the registrars will be in session between the hours of 3 and 6 o'clock to issue transfers and to register voters upon order of the City Board of Elections. The board will grant orders of registration to voters who could not by the exercise of due diligence have registered on any of the regular days or who upon each of those days in the month of October were fifty miles or more from the city. Notice governing the registration of voters next Monday is published elsewhere in this paper.

Every Democrat should regard it as a sacred duty to vote the straight ticket this fall because it is the best ticket. And none should fail to vote.

Every intelligent man in Newark regardless of his political views knows how invaluable a hustler like "Billy" Miller in the Senate will be for every local interest beneficial to our city. For this very reason scores of Republicans will vote for him next Tuesday, and they will show their good sense and independence by so doing.

AN EASY TASK.

It is an easy task for the voters of Ohio to turn the men out of power and office, who arrogantly and insolently tell them that they take no interest in their home affairs, and have no care as to their unjust and inequitable taxes.

Can it be possible that the intelligent voters of the state, after the defiant refusal of the Republican leaders to even discuss state affairs, will miss the opportunity to hurl from the offices they are unworthy to hold, the bosses who thus defy them and scoff at their complaints?

Will any man stay away from the polls under such circumstances? Will any man fail to cast his vote against the men who merely make commerce of office and politics?

If they do they have little care indeed for their own interests and those of their fellowmen.

THE FLAG

Colonel Kilbourne's Grand Tribute to the Emblem of Freedom.

O, my fellow citizens, descendants of those who thought no sacrifice too great in the cause of Liberty, and who desired it not for themselves alone, but for the oppressed of every land, and who made our flag the emblem of freedom! O, comrades of the civil war, who in Freedom's cause followed that flag on many a weary march, stood by it under fire of shot and shell and helped to carry it to victory; let us keep it so pure, its stars and stripes so unstained by wars of conquest or oppression, that every one who carries it will proudly die for it, and God Almighty bless the cause for which it stands.—Col. James Kilbourne.

It seems to be hard sledding for the Republican organ and the party managers to get votes for John Lambert for Commissioner. He is by no means a popular man or such frantic efforts would not be made to get votes for him. And as he has never voted for Democrats, why should Democrats vote for him.

Democrats have only one thing to do this year and they will surely carry the State. This one thing is to get out the full Democratic vote on election day. Democrats get out the vote.

MERELY MALICIOUS FALSEHOODS

The abortive attempts of the Republican press, led by such notorious and reckless papers as the Ohio State Journal, Cleveland Leader and the small fry organs, to make it appear that Col. Kilbourne has been evading his just share of taxes, has fallen by its own weight, and the utter inability of his accusers to offer an iota of testimony to sustain their malicious charges.

The record, when appealed to, refutes every statement and insinuation made, but of course the accusers have refused to publish the facts when confronted with them.

Instead of evading a single tax responsibility, either as a member of the Kilbourne-Jacobs company or as a private citizen, he complied fully and promptly with every requirement of the law, and his returns were inspected and passed upon both by the city and county boards of equalization, a majority of whom are Republicans, each of which inspected the property returned, and pronounced them as in the fullest compliance with the law.

The property returns of the Kilbourne and Jacobs company was \$250,000 in round numbers, and was proportionally the largest return made by any manufacturing establishment in the city of Columbus, all of them, however, making fair and honest returns, as testified by the two boards of review and equalization.

Colonel Kilbourne is a man of moderate fortune, but his personal return for taxation was larger than many men known to be several times more wealthy than he.

In short, the boards found from his returns that he had complied with every requirement of the law and paid his full share of taxes.

The people of Columbus, who know and respect Colonel Kilbourne, know that he is proverbially honest in all his dealings, both public and private, and that he is scrupulously honest in paying his taxes as his grocery bills. He believes in honesty in every relation in life, and was never known to evade or attempt to evade any just obligation.

AGAIN AT THE SAME OLD TRICK.

One of the American-Tribune's side editors is resorting to the same kind of trickery that made the paper so notorious last spring. Every day for a month the paper had some new question about the finances of the city of Newark. The questions were all accompanied with insinuations that there were discrepancies in the city's financial statement, the design being to create suspicion that there was crookedness in the management of the city's affairs.

But after the election was over the side editors of that paper all chuckled over their scheme, practically admitted the game of deception and boasted that they had kept the Advocate busy answering their fool questions.

Now their scheme is to propound some absurd question about alleged discrepancies in the county's finances, thinking that the readers in the country are not familiar with the trick they attempted last spring.

But there are no such discrepancies, and the Republican organ knows it.

If there were any discrepancies in any financial statement of the county, it would be an easy matter to show it up, and that is what a courageous newspaper would do, for it would have a telling political effect. But the irresponsible side editors prefer to resort to cowardly and mysterious insinuations, thinking they can fool somebody by the trick.

They didn't fool anybody in Newark last spring, as the unprecedented Democratic majority showed, and they will not fool anybody at the election this fall.

Their trick is too flimsy and transparent.

Mr. Levingston will make an honest, competent and popular county commissioner. He will run best, too, on next Tuesday where he is best known. That fact is always the best test of a man's real merit.

ALL SORTS OF FALSEHOODS AND FORGERIES WILL BE SPRUNG ON THE EVE OF THE ELECTION BY THE REPUBLICAN COMMITTEE AGAINST COLONEL KILBOURNE. NO MAN SHOULD BE DECEIVED BY THEM.

Every man who is in favor of equal and just taxation will vote the Democratic ticket at the coming election.

BOODLE

(Continued from Page 1.)

spent an equal sum since the nomination of Governor Nash. If the account were itemized, it would hardly be believed. The clerical force under the Republican state committee in Columbus now aggregates 100 persons. This force occupies extensive quarters in the Clinton block and Desher block, both on High street. It includes fifty clerks from the beginning of the campaign up to the first of October and since the later date the number has not been less than 100. The clerks' salaries average about \$2 per day not including the high-salaried men. This would call for nearly \$10,000 up to date. The men employed as chiefs of bureau, travelling agents, confidential clerks, etc., are all on high salaries, say from \$150 per week down to \$20 per week. The Republican opening at Delaware cost \$2,000. The Republican campaign orators are all paid and get from \$25 to \$250 per speech, not including their expenses. Not less than \$20,000 will have to be allowed for printing, the heaviest charge being for badges and lithographs. Perhaps \$20,000 would be a conservative estimate for this branch of the boodle foundry's industry. One of the most expensive items is that of postage. For the past four weeks the committee through the local postoffice has been sending out about 100,000 letters per week, stamped with one-cent postage. This has been the occasion for the immense clerical force employed and has cost, including stationery, about \$6,000. A very heavy mail was sent out for two months prior to October first, which would swell this account probably to \$8,000. The committee employs an army of agents, either stationary in various localities, or migrating, going wherever they are sent, with large expense bills attached to their services. Some of these individuals are doubtless bought outright to start with and it is an easy conjecture to estimate that their total cost goes well up into the thousands. With approximately \$78,000 already accounted for, it is not difficult to see how these agents and other "accessories" and "incidentals" may easily swell the total of the Republican committee's expense account to \$100,000.

This vast sum has been scattered to the four winds before election day. With such an account already invested it is certainly not unreasonable to presume that Hanna and Dick are already to duplicate it next Tuesday, if necessary, in order to make assurance doubly sure. This is the kind of thing the people of Ohio must familiarize themselves with, as long as they permit Mark Hanna to retain his present hold on the machinery of the Republican party.

Any candid man must admit that the election of the Democratic ticket under such circumstances will be a magnificent tribute to honesty and patriotism of Ohio people, who will thus prove conclusively that they have political opinions that cannot be changed by the lavish use of money, principles that can't be bought and "moral scruples" that place honor above commercialism.

While the managers of both parties indicate their belief in a plurality according with political views and aspirations, it is significant that Chairman Dick bases his confidence upon the mere fact that Ohio is normally a Republican state, while Chairman Daugherty relies upon a change that has already been manifested to him by reports which he has reason to consider trustworthy. It is an assumed fact that neither Governor Nash nor Chairman Dick has the least expectation of a plurality equal to that of two years ago. All extravagant claims are made for effect only. It is a fact that the Republicans are in a far more doubtful frame of mind today than they have been on the eve of an election during the past ten years.

Colonel Kilbourne is extremely hopeful and the managers at Democratic headquarters sincerely share his optimism. They expect a Democratic victory—not of the "sweeping" kind for any such would be a clean sweep in Ohio, but one decisive enough to be known Tuesday night. Despite the immense resources at the command of the Republicans, and notwithstanding the unscrupulous use they will make of them on election day, there is absolutely nothing in the situation to discourage any Democrat at the close of the campaign. If the Democrats go to the polls, both the state and legislative tickets of their party will be elected.

WORK TRAIN MASHED

Over a Dozen Being Caught in the Awful Crash.

DISASTER ON A ROAD IN INDIANA.

Heavy Freight Wrecked into a Locomotive and a Caboose Carrying Lumber, Fatally Injuring Half Dozen. Train Telescoped in the South—Engine Explodes With Sad Result.

Valparaiso, Ind., Nov. 2.—In a collision between a local freight on the Pennsylvania road and the work train of the Clifford Construction company of this city, two men were instantly killed and a dozen were injured. The dead: Joseph Clifford of the Clifford Construction company, Valparaiso; Conductor Tompkins of the work train. Fatally injured: Charles Coyne of the Clifford company; Brakeman Johnson. The accident occurred on the grade at Plymouth, the work train running at that station on the time of the regular train, which was late. At the bottom of a steep hill and at a sharp bend of the track, the local, running at high speed, crashed into the Clifford train, which consisted only of a locomotive and caboose, in which were a crew of 15 men. The scene that resulted was most appalling. Cars and locomotives were crushed and smashed into bits.

The dead and mangled men were buried in the mass of wreckage. The wrecking trains at Plymouth, Chicago and Fort Wayne were called out and started immediately for the scene. Trains on this division of the Pennsylvania road were delayed for several hours.

Not a man in the crew escaped uninjured, and it is feared several of them are so badly wounded that death is inevitable.

IN SOCIETY.

A very pleasant Halloween surprise was given by Miss Sara Moran by her school friends at her home on South Sixth street. The evening was spent with games and other amusements, and refreshments were served.

On Saturday afternoon, Helen and Marguerite Connors gave a taffy pulling. Their young guests were Helen Schaller, Mame Gilbert, Gladys Ayers, Irene George, Anna George, Jeanette Ayers, and Jerome Foran.

On Wednesday evening the home of Mr. and Mrs. T. J. Hirst was the scene of much pleasure and merriment. The occasion was the surprise party given in honor of Miss Esther Hirst's fourteenth birthday.

Miss Edna Alward delightfully entertained with a Halloween party on Thursday night. Games and Halloween tricks were indulged in until 9:30 when a good old-time supper was served. The dining room was beautifully decorated with gay ribbons, chrysanthemums and honeysuckle.

On Wednesday evening while Mr. and Mrs. George Parker were at the Auditorium, a number of their young friends took possession of their home on the corner of Chestnut and Buckingham streets, and gave them a hearty welcome on their return. During the day one of the friends had possessed herself of one of the door keys thereby making easy entrance. The surprise was a great success in every particular.

From an extended notice given in a Knoxville paper of a musical and literary entertainment given for the benefit of the Crittenton Home, in which Mrs. Sprankle's name appears the following is quoted:
"As Mrs. Sprankle sang her Ave Marie, many eyes were filled, as the deep rich voice rang out in its sweetness and sympathy; and many expressed a desire that she might often be heard by a Knoxville audience."

Miss Henriette Wilkin very charmingly entertained a few of her friends Friday evening with a progressive pedro party. Miss Koos was the fortunate winner of the first prize. Mr. Benner was consoled with the booby prize. Choice refreshments were served. Those present were the Misses Wilkin, Alexander, Thacker, Vance, Koos and Nichols; Messrs. Miller, Benner, Hawke, Mitchell, Hirschberg and Dr. Nichols.

Among the week's pleasures was the theater party given by Mr. and Mrs. George B. Sprague on Tuesday evening. Mr. and Mrs. Sprague's guests were, Mr. and Mrs. Glover, Mr. and Mrs. F. M. Black, Mr. and Mrs. Wm. Webb, Mr. and Mrs. Gillette, Dr. Rank, Mr. Joe Sprague, Mr. Shinnick, Mr. Carl Norpell, and Gen. Wright. Miss Minnie Sprague, May Hale, Nellie McCune and Florence King. After the entertainment the party repaired to the home of Mr. and Mrs. Sprague where a delicious lunch was served.

One of the most pleasant events of the week was the taffy-pulling given by Mrs. Shimmel of North Third street in honor of Ida Vera, and Harold Long, who left Wednesday morning for their future home in Massillon. The evening was spent with music and games. At an late hour all returned to their homes, having spent a very pleasant evening. Those present were Neva Marple, Gretchen Kootz, Mary Lemert, Mary Balzer, Bertha Meek, Lottie Opel, Ida and Vera Long, Lawrence Flohr, Charlie Opel, Paul Lemert, Leo Balzer, Herbert Noll, Harold Long, Fred and Elmer Shimmel, Misses Nina Green and Mary Evans helped the children in pulling their taffy.

On Thursday evening a gay party wended its way to Mr. and Mrs. Carl Norpell's delightful summer retreat out Lover's Lane. Two of hurbang's wagons were engaged, one to carry the guests, and one to carry the supper, which was most elaborate. The party consisted of Mr. Norpell, Mr. and Mrs. Ed Browne, Mr. and Mrs. Glover, Mr. and Mrs. Geo. Sprague, Col. and Mrs. Gillette, Mr. and Mrs. Wm. Webb, Mr. and Mrs. Fred Wright, Mr. and Mrs. Ned Wright, Misses Emma Woodbridge, May Hale, and Nellie McCune, and Mr. Shinnick. Violin and guitar music was furnished throughout the evening.

The festival given by the Senior High school class was certainly a success. There was a large attendance, and excellent coffee was served. The hall was decorated with autumn leaves, corn, and the National colors, while the pillars were wrapped with the class colors. The fortune-teller was eagerly patronized by the young people, all of whom were anxious to know their future. Home-made candy was for sale, and a beautiful small pumpkin was sold at auction for the large sum of \$1.00.

One of the most enjoyable events of the week was the silver wedding anniversary celebrated by Mr. and Mrs. Thomas Bucy, at their home on East Main street, Thursday evening. Progressive pedro was the entertainment of the evening. Mr. and Mrs. Bucy were the recipients of many beautiful as well as useful presents. The guests present were Mr. and Mrs. Carl Norpell, Misses Myrtle Gorby, Iva Mossbrook, Helen Scott, Elizabeth Brooke, Emma Lisey, Gertrude Harrison, May Scott, Blanche Brooke, Gladia Hartshorn, Clara Lisey, Anna Connel, Alice Murphy, Messrs. In honor of his fifth birthday, Master John David East entertained a few of his little friends this afternoon at his home on Wyoming street. Several games were prepared for the amusement of the little folks, among them was a fish pond in which the fish were gifts for the guests. After the games light refreshments were served. Those present were Minnie Belle Connel, Mildred McCabon, Kathryn Sturtevant, Elizabeth Spencer, Bernice Winermute, Dorothy Edmiston, Benjamin Montgomery, Edwin Stedem, Wilfred Lawlings, Lewis White, Maynard White, Frank Spencer, John Bradlock, Dale Warner, Paul Maranville, Willard Percy.

One of the most enjoyable events of the week was a Halloween party given by Helen Lucile Knisely of 123 Eleventh street. The house was beautifully and artistically decorated with corn, bitter sweet berries and vines, and lighted entirely by candles, producing a pretty effect. The table decorations were beautiful, red being the predominating color. Halloween games were indulged in until a late hour. Those present were Misses Helen Knisely, Helen Abbott, Grace Platto, Grace Parker, Fan Parker, Susie Whitehead, Nellie Sterritt, Zoe Bodle, Louise Sniffen, Florence Hirschberg, Orpha Hollinger, Hazel Wilcox, Mary McCleery, Messrs. "HELPI"

By C. E. Corbett.

One bright morning last May a zinn stopped before an ordinary looking brick house in a certain backstreet west-city and indicated by his attitude and expression that he was listening. His persistence attracted the attention of the drug clerk down the street, who in the absence of customers was enjoying a smoke on the sidewalk under the awning, so he joined him and also began to listen. The landladyman who came to deliver a package next door sat in his wagon and eyed them silently and mutinously for awhile and then came over and inquired what was increased by the addition of the weary Willie from down the corner, the cook from across the street, several chance pedestrians and numerous small boys who were all ears and mouths.

"There's some trouble in here," exclaimed the first individual, to whom everybody looked for enlightenment. "I distinctly heard cries for help, but I hesitate to interfere unless it is really something serious. Please! Hear that? It seems to come from upstairs." And all eyes were immediately directed to the second story.

When borne distinctly on the clear air could be heard the agonized cry: "O gods! Stop! Stop! Stop! What just thou doest? This was followed by sharp tones of remonstrance, then the low mutterings of two voices and finally a cry from the second story: "The audacious dog has been solemly desecrated," said she. "That's the time I heard him ranting of this room, little woman, but Zoe seems to be lying in the upper hall now."

Meanwhile in the front room upstairs, entirely unconscious of the interest being shown below, so absorbed was he in the delightful mysteries of the justicium art, there stood a perspiring young man with wild eyes and ruffled hair. Opposite him, reclining in the easy chair, his faded velvet coat plentifully bespangled with cigarette ashes, sat the professional who listened to the wild paroxysms of passion uttered by the youth with perfect indifference and apparently not the slightest interest. Occasionally he would turn his head and eyes upon the agitated countenance and despatching gestures and remark: "A little more feeling there, my boy; exercise executive attitude of feet and more agony in your voice and face."

Thereupon his words and action would be repeated again and again until the critic, roused by his tameness, would jump to his feet and, throwing back his long hair, give the passage with all the fire and extravagance of a true son of Thespis.

But with this process of inspiring and day with Frobenius the fire was going on matters were growing serious down in the street. As order and began to think that perhaps Zoe was a little too severe on her horse lord and that her determined attempts to average past wrongs might end disastrously for the hapless party. But the small boy was in his element. He saw visions of a quick rush of the putrid wagon loaded with blueprints, for an animated discussion was in progress between the original discoverer and the landladyman as to whether an officer should be called or not. The Willie listened suspiciously of this plan. The cook turned around completely, and was long in her denunciations of "the lings" in status was was "amusing her with mud" and the clerk snatched completely to himself in anticipation of a mad order for drugs and restoratives. Suddenly came in thundering tones: "O gods! Stop! Stop! Stop! What just thou doest? This was followed by sharp tones of remonstrance, then the low mutterings of two voices and finally a cry from the second story: "The audacious dog has been solemly desecrated," said she. "That's the time I heard him ranting of this room, little woman, but Zoe seems to be lying in the upper hall now."

Story of a Triple Tragedy Comes From Greenwood, La.—The Parties Implicated Are Colored.

Shreveport, La., Nov. 2.—The story of a triple tragedy has reached here from Greenwood, La., 14 miles from Shreveport. The weapon was then turned on Williams, who attempted to escape, but failed, and was fatally wounded. SOCIAL POSITION

Makes no Difference. Women are All Alike. No Matter What Their Station in Life May Be. All Praise Lydia E. Pinkham's Vegetable Compound.

If she is one of the favored daughters of wealth,—if she belongs even to the realm of the "well-to-do,"—or—if she belongs to the unnumbered thousands who must work in order to live—the story is just the same; all suffer from about the same cause, and in this suffering "peculiar to women," all reach the same level, and all are of the same family.

When a woman is nervous and irritable, head and back ache, feels tired all the time, loses sleep and appetite, has pains in groins, bearing down sensation, whites and irregularities, she is not "worn out," but feels as if she were.

Such symptoms tell her that a womb trouble is imminent, and she cannot act too promptly if she values her future comfort and happiness.

The experience and testimony of some of the most noted women of America go to prove, beyond a question, that Lydia E. Pinkham's Vegetable Compound will correct all such trouble at once by removing the cause and restoring the organs to a healthy and normal condition. If in doubt, write Mrs. Pinkham at Lynn, Mass., as thousands do.

Mrs. Pinkham Tells Mrs. Scott How to be Cured.

"DEAR MRS. PINKHAM:—I have been for some years a great sufferer and thought I would write and explain my case to you as you had helped so many others. Menstruation is irregular and very painful. I have suffered with painful periods for ten years but the pains grow worse as I grow older.

I suffer most with my back, lower part of abdomen and left side. I have been flowing all the month and a part of August, not constantly, but will stop for two or three days and then begin again.

The doctor says I have misplacement of the womb. I have bearing down pains when passing urine, and my abdomen is very badly swollen and sore. Please advise me at your earliest convenience."—Mrs. A. V. Scott, 21 Page St., Kingston, Pa. (Sept. 30, 1900.)

"DEAR MRS. PINKHAM:—When I wrote to you asking advice no one could describe my suffering. The doctors said I could not be relieved unless I had an operation performed, but thanks to you and your medicine I got along without having the dreaded operation. I have taken ten bottles of your medicine and am once more well and happy. Lydia E. Pinkham's Vegetable Compound is a fine medicine and a God-send to suffering women. I trust my letter may be the means of bringing many of my suffering sisters to accept your kind aid."—Mrs. A. V. Scott, 21 Page St., Kingston, Pa. (Jan. 30, 1901.)

Remember Mrs. Pinkham's advice is free, and all sick women are foolish if they do not ask for it. No other person has such vast experience, and has helped so many women.

\$5000 REWARD.—We have deposited with the National City Bank of Lynn, \$5000, which will be paid to any person who can find the above testimonial letters are not genuine, or were published before obtaining the writer's special permission. Lydia E. Pinkham Medicine Co., Lynn, Mass.

Omega Oil

Hundreds of thousands of people have seen this picture of the Omega Oil Boy and Geese, and wondered what it had to do with Omega Oil. It has nothing at all to do with it. It is just a picture to attract attention and cause people to talk about Omega Oil. Its purpose is the same as that of a Salvation Army girl when she beats a drum. Beating a drum attracts a crowd to hear a sermon. The Boy and Geese attract a crowd to hear what a good liniment Omega Oil is for aches and pains of every nature in the arms, legs, back, knees, shoulders and feet. If just plain advertising were used, not nearly so many people would have their attention attracted to this good Omega Oil.

The company is in a flourishing condition, and the members are enthusiastic over the coming encampment in California next year. REAR GUARD RUSHED

British Column Attacked and Severely Punished.

HUNDREDS KILLED AND WOUNDED.

Engagement Occurred in a Thick Mist and the Boers Got Away With Two Guns—Kruger to Decide on the Question of Reprisals—A Burgher Camp Surprised.

London, Nov. 2.—A disaster to the British near Bethel, eastern Transvaal, is reported by General Kitchener from Pretoria, Nov. 1, as follows:

"I have just heard of a severe attack made on the rear guard of Colonel Benzon's column when about 20 miles northwest of Bethel, near Brokenslaagte, during a thick mist. The strength of the enemy is reported to have been 1,000. They rushed two guns with the rear guard. The officers killed: Colonel Benzon, Colonel E. Guinness, Major F. D. Murray, Captains M. W. Lindsay, F. T. Thorould and Eyre Loud, Lieutenants Brooks, Shepard and Collett."

Lord Kitchener then gives the names of 13 other officers who were wounded, most of them severely, and announces that 54 noncommissioned officers and men were killed and 160 wounded, adding that four of the latter have since died of their wounds. The dispatch then says: "I assume that the two guns have been recovered and the enemy has withdrawn, but I have no further details. I deeply regret the loss of Colonel Benzon and the other officers and men who fell with him. In Benzon the service loses a most gallant and capable officer, who invariably led his column with marked success and judgment. The fighting was at very close quarters and maintained with determination on both sides. The enemy suffered heavily, but I have not yet received a reliable estimate. The Boers retired east."

Question of Reprisals.

Amsterdam, Nov. 2.—The Boer deputation here summoned Messrs. Leyds and Van Boescheoten by telegraph from Brussels to consider dispatches received from the Boer leaders in the field, saying that the fighting burghers were determined to make reprisals if the British continued hanging and shooting rebels and others, and to the effect that the Boer authorities in South Africa affirm that the adoption of reprisals would be bad policy, and that in order to strengthen their position they request Mr. Kruger to let them know his opinion, as he still has the greatest hold on the minds of the burghers. The meeting lasted four hours, and it was decided to advise Mr. Kruger to comply with the request of the Boer authorities, and to take the opportunity to bring the subject of British executions in South Africa before the European public in an open letter. Dr. Leyds has gone to Hilversum to present the matter to Mr. Kruger.

Boer Camp Surprised.

London, Nov. 2.—A dispatch from Lord Kitchener dated Pretoria, received here, says Colonel Kekewich, during a night surprise of Val Albert's laager, northeast of Rustenburg (about 60 miles west of Pretoria), captured 78 Boers.

Turks Make Ready.

Constantinople, Nov. 2.—The sultan has ordered the completion with all speed of the defenses at Salonika, Smyrna, and the entrance to the Dardanelles. Submarine mines will be placed and troops mobilized at points where disembarkations are likely. A violent anti-French feeling prevails, and fears are felt for the safety of French residents in Turkish cities. Constantinople excepted.

Valuable Horses Ill.

Memphis, Nov. 2.—George C. Bennett's crack two-year-old thoroughbred, Abe Frank, and his three-year-old race mare, Miss Bennett, are suffering from lung fever, and a veterinary surgeon in attendance announces the condition of both horses is hopeless. Abe Frank won many of the two-year-old stakes on the Chicago tracks this season, and it is said Mr. Bennett at one time refused an offer of \$25,000 for the colt.

Must Be Hanged.

Indianapolis, Nov. 2.—The supreme court decided that Joseph Keith must be hanged in the state prison at Michigan City for the murder of Nora Kiefer, a neighbor's daughter, at Elberfeld, Ind. Keith was a wealthy man. He is accused of hiding the girl's body in a well and of later throwing it into a creek, where it was found.

Famous Ballplayer.

Pleasanton, Cal., Nov. 2.—John Patrick Parnell Cahill, a former baseball player, familiarly known as "White-wings," and the original "Casey" in "Casey at the Bat," is dead. His death was due to consumption. In the palmy days of the old American association Cahill played with the Columbus club.

A Denial.

Baltimore, Nov. 2.—Vice President J. W. Mendenhall of the Seaboard Air Line railway said that there was absolutely no foundation for the report that John Skelton Williams would retire as president of the Seaboard and be made chairman of the board of directors.

Boys Strike.

Bridgeport, O., Nov. 2.—The boys at the Crystal glass works struck, and the entire plant is idle. The boys ask an advance in wages from 35 to 40 cents a turn, two turns being a day's work. The plant employs 350 men and boys.

Pathfinder Lodge No. 79, held a very successful meeting on the fourth Thursday evening, and hope to have a still better one on the second Thursday in November, as Supreme Organizer Brother Pfeiffer will be here at that time. Brother Pfeiffer, who is to be here for several weeks, was delayed in coming here on account of sickness, and is at present in Dayton. He will reach Newark some time next week and will spend as much time as necessary here. It is urgently requested that in the future as many of the members as can possibly do so attend the meetings, as the more the merrier. Try and be on hand at the next meeting.

VERDICT

IN THE SCHLEY CASE MAY NOT BE REACHED

For Some Time—Arguments to Begin the First of the Week at Washington.

Washington, Nov. 2.—Both parties to the Schley inquiry announced they had no more witnesses to call, but on Monday Admiral Schley will return to the stand to correct errors in his evidence as officially reported.

There is a probability that the admiral will consume considerable time in going over the printed record of what he said, and there also is an understanding that he will make some additions to his former statements. But it is not believed that beyond what he may have to say there will be much more testimony. The only witness Judge Advocate Lemly has still is Lieutenant Strauss, and Captain Lemly said that if the lieutenant's attendance could be secured he would detain the court for a short time only. Captain Sigbee will return to the stand Monday to make corrections in the testimony by him. These details completed, the argument of counsel will begin, and then counsel and the public will withdraw and leave the court to its deliberations. The task before the court is not a light one, and it may be weeks before the final verdict is reached.

Another Conviction.

Toronto, Nov. 2.—Fred Lee Rice was convicted here on the charge of murdering William Boyd. Rice is the only survivor of the notorious trio of Aurora bank burglars. The murder occurred on July 4 last. Boyd and another constable were escorting the three prisoners to the jail when some one threw two loaded revolvers into their carriage. In their desperate fight for liberty which followed Constable Boyd was shot through the head. Counsel for the prisoner was granted a reserve case because the jury found that he did not actually do the shooting. They held he was guilty of murder, however, on the ground that there was a conspiracy between himself and the other two prisoners, Jones and Rutledge.

RACE FOR LIFE

OF EIGHT CHILDREN BITTEN BY A DOG.

Took a Fifteen Hundred Mile Trip From Colorado to the Chicago Pasteur Institute.

Chicago, Nov. 2.—Eight children, accompanied by their parents, ended a 1,500-mile race for life at the Chicago Pasteur Institute. The youngsters, ranging in age from four to nine years, came from Colorado Springs, Colo., where they were bitten last Sunday by a dog afflicted with the rabies. Fearing hydrophobia, their parents began the long journey to have their children treated. The victims were met at the institute by Dr. A. Logorio, who administered the first injection of serum. If the children had not arrived when they did he says rabies probably would have developed and death might have resulted.

Indian Treaty Concluded.

Devil's Lake, N. D., Nov. 2.—Major McLaughlin, special agent of the interior department, has concluded a treaty with the Fort Totten reservation Indians and the government. The Indians agree to sell 104,000 acres for \$250,000. They agree to relinquish rights to a recognized claim against the government of \$80,000. Senator Hansbrough believes the reservation will be ready for settlement next spring.

Li Hung Chang Very Ill.

Peking, Nov. 2.—Li Hung Chang's foreign physicians pronounced his condition grave. He has had hemorrhages for the last two days. His death would probably affect the negotiations as to Manchuria, which he has been conducting with Paul Lesar, Russian minister to China.

Missing Silver Located.

There had been no order of the court for its removal and its disappearance was the cause of considerable stir until its whereabouts became known.

Planing Mill Burned.

Contempt Alleged

Muncie, Ind., Nov. 2.—Thirty striking flint-glass workers from Eaton were in the circuit court before Judge Devin, to show cause why they should not be held for contempt in disregarding the court's orders pending an injunction and suit for \$10,000 damages, with the Western Glass company of Eaton as plaintiff. It was claimed that since the temporary injunction keeping the men from molesting the property or employees the strikers have caused trouble. The men denied the allegation and the court took the cases in advisement. The factory is being worked with nonunion men.

Miners' Conference.

Huntington, W. Va., Nov. 2.—The state miners' convention adjourned after deciding to hold another convention in this city Nov. 26. There was also a call issued for a meeting here on Nov. 27, to which the operators of Virginia and West Virginia will be invited. It is the object of the national mine workers' officials to have the state miners request the operators to confer with them. If they decline, it is expected that a general movement will be begun towards organizing the miners of the entire state. If they fail in this a sympathetic strike will be ordered.

Male Statistics.

Washington, Nov. 2.—The census report on school, militia and voting ages for all states and territories shows the following summary for the country as a whole: Persons of school age 5 to 20 years, 26,110,788, of whom 24,897,130 are native born, 22,490,211 are whites and 13,086,160 are males; males of militia age 16,260,363, of whom 13,132,280 are native born and 14,493,396 are white; males of voting age 21,329,810, of whom 16,227,285 are native born and 19,036,143 are white. Of the total number of males 21 years of age and over 2,326,255 are illiterate.

Gas Exploded.

Brazil, Ind., Nov. 2.—George Morgan and Charles Steadman were probably fatally burned in an explosion at the Zeller mine at Cloverland. The men had lighted the fuse to a charge of powder and were walking down the entry when the gas exploded, hurling the men against the wall with such force as to render them unconscious. They were fearfully burned about the head and face before rescued.

Argentina's Demand.

Buenos Ayres, Nov. 2.—The Argentine government has requested Chile to desist from roadmaking in the Cordillera, and has demanded an official declaration that the roadmaking already accomplished does not constitute a claim by Chile to the territory in dispute. Failing this assurance, the Argentine minister, it is said, will be withdrawn from Santiago de Chile.

SORE NECK

Take Scott's Emulsion for scrofula. Children often have sores on the neck that won't heal up. The sores may come and go. Parents may not know what's the matter nor what to do. Scrofula is the trouble and Scott's Emulsion is the medicine.

Scott's Emulsion heals the sores. But that is not all. Scrofula leads to consumption. This is the real danger.

Scott's Emulsion is the "ounce of prevention" that keeps off consumption.

REVOLVER WOUNDS.

More Dangerous, For Many Reasons, Than Those of the Rifle.

Wounds in civil life differ from those in military life in the greater after danger of septic involvement. Revolver cartridges are more liable than rifle cartridges to have been handled frequently, to have been carried in dirty pockets and to have come in contact with various forms of infectious materials that may prove of serious consequence when buried in the tissues. Moreover, revolver cartridges are covered with a coating of grease, and this encourages an accumulation of manifold microbic material, some of which may prove to be of virulently infectious nature.

Rifle bullets are practically always sterilized by the intense heat developed by the powder at the moment of their discharge. Their rapid progress through the air while in a heated condition still further serves to cleanse them of any extraneous material that may chance to have accumulated on their surfaces. This cleansing process is very effectively begun by the rifling of the rifle barrel through which the bullet forces its way.

All these favorable factors are lacking in the case of the revolver bullet, and so it is possible that in any given case such a bullet may carry infectious material with it into the tissues. If this were in small amount, nature might effectually wall it off, and no serious consequences result. On the other hand, such infectious material might lie seemingly dormant for days, but regally slowly gathering strength by multiplication, and when its toxins were elaborated in sufficient amount they might paralyze protective chemotaxis and produce a septic condition.—New York Medical News.

THE W. C. T. U.

On Tuesday, Oct. 29, the devotionals were led by Mrs. Hansberger, who read the 90th Psalm, the gem thought being, "God's care for us," being the 17th verse, "And let the beauty of the Lord, our God, be upon us, and establish Thou the work of our hands upon us; yea the work of our hands establish Thou it."

At the close of the half hour devotional the Vice President, Mrs. B. P. Patt, took the chair. The minutes of the previous meeting were read and approved.

Mrs. Keim, superintendent of the Hospital work, asked that the box be sent on the 15th of November.

The cigaret law was then read, which is very rigid.

The report of the State convention held at Toledo in the First Presbyterian church October 23, 24 and 25 was given by Mrs. Metz, which was listened to with much interest. Mrs. Metz said, in part: On Tuesday evening there was a Loyal Legion Temperance Rally in charge of Mrs. Wisner, state secretary; 7:30, music by Leonard Orchestra; grand march and welcome song by the L. T. L., Prof. Bargey director. Wednesday morning, the convention was called to order by the president, Mrs. Annie Woods Clark of Columbus; responsive reading of the crusade psalm, led by general officers; music, "Some Glad Day," White Ribbon Hymnal; extracts from President's annual address. Mrs. Clark said one of the most satisfactory signs of the progress in temperance reform is that we have passed the stage of debate, we can now prove alcohol is a poison and now demand the destruction of king alcohol on scientific principals, because this whole subject is one pertaining to individual life. Our society reaches after the mothers and child in the home, where individual character is formed—where the influence of life tend most strongly toward good character, building where principals are instilled and habits formed that decide the weal or woe of the future. She spoke of the mother hand as a profession as well as women in all other professions, and said they held their own with the best professional men, but the greatest of all her callings was motherhood. She spoke of this as the age of organization. First, the church was the only organization to which the masses of the American people belonged—now in the world of philanthropy woman is fulfilling the prophecy of the Psalmist, "The Lord giveth the word and the women that publish the tidings are a great host." Never since the first century has the world striven after practical Christianity, i. e. Christ-living, as it is today. Women's clubs have lifted thousands of sordid, contracted lives on the planes where God could speak to them through the flowers in the crannied wall, etc., etc.

Father O'Brien of the church of Good Shepherd, and President of the Catholic Total Abstinence League came to present greeting and extend a welcome. He made a magnificent address. The Total Abstinence League will meet in Toledo next summer and he thought from holding the two State conventions that much good could come to Toledo. His tribute to Miss Willard was a masterpiece of oratory and the presence of the brilliant speaker with his message of good cheer, encouragement in good will, was a genuine inspiration and a most keenly appreciated courtesy. He said although we all kneel before different altars to serve God we all serve this great cause together.

Mrs. Metz said that it would be gratifying to the many friends of Rev. Powell who was a former pastor of the First Presbyterian church of this city, to know he was now pastor of the church at Toledo, where the convention was held. Both Rev. Powell and his wife are kindly remembered by the W. C. T. U. of this city.

On next Tuesday the devotionals will be led by Mrs. Harrington. Mrs. Sisson will give a report of the L. T. L. work at Toledo. New members will be received and it is hoped that everyone will be present. Being the first meeting of the month a general business meeting will be held the last half hour. All are welcome.

Children don't forget the L. T. L. meeting next Sabbath at 2:30 at Plymouth Congregational church. There will be a parlor social at the home of Mrs. Keim on Maple avenue, on next Thursday evening. All friends of temperance invited.

DR. FOSTER

Who is Soon to Locate Here Tendered Farewell Reception by Physicians at Washington C. H.

The Washington C. H. Daily Herald of Tuesday, Oct. 29, contains an extended account of a farewell reception and banquet tendered Dr. C. A. Foster of that place, who is soon to remove to Newark and locate in the new Avalon block, on West Main street, this city. The Herald says:

"The banquet was attended by practically the entire membership of the medical profession of the city, but two or three being absent on account of unavoidable circumstances. Dr. Foster has been engaged in the practice of medicine in Washington for more than thirty years—longer than any other physician now in active practice in the city—and the unanimous testimonial in his honor is the only one of its character, being the highest compliment ever paid by the medical profession of the city to one of their number, and an event highly creditable to those who participated in it. The guests assembled in the parlors of the Cherry Hotel, and at 9 o'clock were ushered to the dining room, where the banquet was spread, the tables in the form of a cross, occupying the center of the brilliantly lighted room, and glistening with the elegant silver and cut glass service. The floral decorations were an immense jardiniere of chrysanthemums as a centerpiece, with vases of pin, and white roses at either end. A delicious six course menu was served with the faultless waiting service of the hotel. After the tables had been cleared there was a general expression of enjoyment of the coming together of the members of the profession in a social way, and a feeling that more such social sessions would be beneficial. Numerous toasts were responded to, all expressing in fitting words the high appreciation in which Dr. Foster is held, as a man of the highest character, a skilled physician and a true friend, whose departure from our city all regret, while wishing and predicting for him abundant success in his new field.

KNABE GRAND.

We are very glad to announce that another of Newark's most highly representative families have shown their artistic taste by buying one of Knabe's finest mahogany grand pianos, which has been placed in the elegant home of Harry Swisher on North Third street. The fact of which H. D. Munson & Sons are justly proud. To any one interested they will take pleasure in explaining the merits of their fine large stock at No 27 West Main street 11-1-d11

Wool Conditions.

Boston, Nov. 2.—All American wool records have been broken in the Boston market by a week's transactions of not less than 25,000,000 pounds, a larger amount than the combined clips of Michigan and Ohio. The American Wool company has been the chief purchaser. Stocks are still so large that these heavy purchases have only stiffened the market and failed to advance it, holders being content after the terrible losses of 1900 to take moderate profits. The highest price paid this week was 18 cents for a light three-eighths blood Montana wool.

JOHN L. STODDARD'S

Library of the World's Treasures. All his famous travel lectures. All his wonderful views. Taken on the spot from every land under the sun, and soon to come to Newark.

Stoddard consulted 10,000 volumes before he commenced his wonderful career as traveler and lecturer. He girdled the world ten times, 250,000 miles, lived eight years right among the places and scenes he describes in his lectures, and has faced 3,000 of the most critical and cultured audiences in America, aggregating more than 5,000,000 people. He thrills you, he enchants you with the magic of his matchless eloquence. His entire life of thirty-six solid years has been spent upon his thirty-three lectures. Newark will soon have the rare opportunity of securing them at one-fourth the former cost. Particulars later. Watch this paper.

TONIGHT

Lights at the Pan-American Will Go Out Forever—Exposition a Financial Failure.

Buffalo, N. Y., Nov. 2.—At midnight tonight buglers will play taps from the summit of the electric tower at the Pan-American exposition. President Milburn will press a button and the lights of the electric city will go out forever. During the six months of the exposition it has been visited by 8,350,000 people.

The Pan-American has been a financial failure but an educational success.

The deficit will be in the millions, unless the government comes to the rescue, as many believe that it will, when it is taken into consideration that the exposition was on the high road to success when the assassination of President McKinley took place and blasted all hopes. The amount to be asked from the government has been estimated as high as \$1,000,000 but no one knows at this time. There is considerable figuring yet to be done, including the revenue from wrecking the buildings, before the correct statement of the actual loss can be made. It has been variously estimated from \$3,000,000 to \$3,500,000.

AMUSEMENTS.

The great Francisus, magician, will appear at the Auditorium tonight. The Altoona (Pa.) Gazette of September 19, said

"Altoona audiences have had much of Kellar, but on Wednesday evening, September 18, we had the greatest wizard of them all, 'Franciscus, the Great.' He is a wonder in the art of magic. The entertainment given by him at the opera house proved all that is claimed for him, and the audience was well entertained. As a magician he is complete. With Francisus magic is an art completely developed. Francisus is an easy rival of Kellar.

Grand Jurors on the Carpet.

Indianapolis, Nov. 2.—Indianapolis witnessed the novel legal proceeding of having the members of its grand jury up before the criminal court for contempt of court because it did not return indictments against saloon keepers against whom evidence was offered by the Civic Alliance of this city. The court held, however, that such a proceeding was beyond its jurisdiction, and the members of the grand jury were discharged.

Shot a Lad.

Portsmouth, O., Nov. 2.—As the result of a halloween prank, Philip Reilly, 14, living at Fullerton lies at his home fatally injured. Reilly and a number of lads entered the premises of Morris Biggs, a farmer, and began tearing down a strawstack. Biggs supposed that burglars were working about the premises and fired his shotgun into the strawstack.

Election at Oberlin.

Oberlin, O., Nov. 2.—Professor C. W. Morrison was elected by Oberlin college faculty to fill the vacancy in the music department caused by the death of Professor F. B. Rice. Professor Morrison is a graduate of Oberlin class of 1880, and also studied at Leipzig and Berlin.

Resolution Rejected.

HEADACHE CHARMED.

It is The Experience of Newark People That Proves the Magical Effect of Dr. A. W. Chase's Nerve Pills With Sick And Nervous Headache.

It has never come to any other medicine—never to all medicines—the abundance of Newark testimony showing the unequalled merit established by Dr. A. W. Chase's Nerve Pills. There is probably no case of nervous sick headache they will not cure.

Mrs. B. Bollwine of the Travelers' Hotel, corner Second and Canal streets Newark, Ohio, says: "Dr. A. W. Chase's Nerve Pills are what they claim to be a good nerve tonic. I was induced, by giving them as a cure for nervousness, restlessness, nervous sick headaches and depression. The box that I got at Bricker's City Drug store worked well in each instance and cured the trouble. I feel well and right again and can recommend them highly as thoroughly reliable."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers of Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.
